1. Introduction

Aim of the Alternative Programme

The aim of the alternative programme is to provide alternative activities for people to go to if they do not want to attend the formal programme presentations and discussions. Consisting of activities and lighter presentations and workshops, the alternative programme makes sure there’s always plenty to do at Autscape.

We also actively try to help those who would like to make friends by having interest group sessions and home groups meetings.

Who can go?

Anyone may attend alternative programme activities. Children from age 12 are welcome to attend unaccompanied, but must have permission from their parents or the person responsible for them whilst at Autscape.

Everything at Autscape is completely optional. You are not obliged to attend anything, speak to anyone (unless you are a parent or carer) or participate in any way.

Places to go

- **The Hangout** is a relaxing area which will be open continuously through the day and evening, and where people can "hang out" for a chat, or partake in some of the activities we have there, such as board games and badge decorating and any art materials left for general use. There will also be a **tuck shop** here at certain times of day, where you can buy drinks and snacks.

- **The Sensory room** is a place where you can play with sensory equipment or just “be” and look around. There will be plenty of light-up equipment and tactile sensory toys. Do not take any of the toys or equipment out of this room.

- **The Quiet rooms** are places where you can go if you need a total break from everything. You may find other people here, but no noise or interaction is allowed. This year we have two quiet rooms, one in the Music Centre and one in the main building.

To find these places, follow the signs posted on the walls or go to the Information Area.

Home groups

Are you looking for some help with meeting new people? **Home groups** are a new initiative we are trying at Autscape this year. The aim is to help people, especially new people, feel comfortable at Autscape and get the most out of the experience by providing a small group they can get to know a bit better and identify with. The daily home group meetings are scheduled in the programme (see the schedule further ahead). To join one of the home groups, come to the first meeting on Tuesday 6th August at 19:30 in the Quiet dining room.
**Interest groups**

Interest groups provide a chance to meet other people with similar interests. Like Home groups, interest groups meet periodically (see the schedule ahead), but you are not assigned to an interest group; if you want to participate, simply go to the one of your interest. Find out the location of each group in the Quiet dining room. Consider bringing something relevant which might provoke interest if the group are slow to get going. This year we have the following interest groups:

- Computing
- Gardens and Allotments
- Art
- Sci Fi
- Activism and Neurodiversity
- Alternative Relationships
- Animals and Pets
- Filming

**2. Alternative Programme**

Note: The following schedule outlines the alternative programme. We also organise a formal programme which partially runs concurrent with the alternative programme. Please see part 2 of the information pack (published separately) for further details.

How this is dealt with can make the difference between hostile conflict and creative growth producing challenge. I am interested in discussing if people feel there is a helpful way of dealing with conflict, and if there are any particular issues around conflict and autism.
