

## **Autscape Debt policy**

Autscape recognises that many participants find it difficult to afford the fees for the Autscape conference and that autistic difficulties can pose challenges with achieving timely payment of fees. However, Autscape is a charity and depends on fee income to provide the Autscape conference for participants.

Autscape will work constructively with an individual to assist them in achieving timely payment of fees owing to Autscape. In doing so, we will follow these principles:

- (1) Any money paid to Autscape should first go towards paying off any debt, before it is applied to a current booking.
- (2) At the discretion of the treasurer, individuals may be permitted to agree payment plans. However, individuals may be required to maintain compliance with a payment plan as a condition of registration at future Autscape events.
